25X1	1. LIAISON Called Stan Taylor, Senate Select Committee on Intelligence staff, at the request of George L. Cary, Legislative Counsel, and gave him the cite of a statute which permits foreign service officers to retain this status

25X1	LIAISON Received a call from Dick Giza, House Permanent Select Committee on Intelligence staff, who said he would like to meet with NFAC personnel in order to understand NFAC's	
V	process of evaluating their publications. He suggested any day next week except Monday. I told Giza his meeting with D/OWI, tomorrow would be in 5F46. The meeting concerns OWI use of telemetry.	2

21. LIAISON Talked with Bill Miller, Staff Director, Senate Select Committee on Intelligence, regarding the status of charter legislation. I informed Miller, in general, of conver- sations which took place on this subject at the DCI's meeting today and efforts we were making to move forward on this issue with the Committee. I did ask, however, if he thought it would still be meaningful to get fogether this afternoon since I understood from EA/DCI, that he (Miller) planned to draw up a new draft of the charter legislation which would be made available to us on Monday. Miller encouraged us to meet this afternoon for further dialogue and I told him that would head up our team that would be meeting with him, Elliot Maxwell, also of the Committee staff, and representatives of the House Permanent Select Committee on Intelligence. Miller advised me that after consulting with Senator Birch Bayh (D., Ind.), who is expected to be the new Chairman of the Select Committee when the second session of the 95th Congress convenes, it had been decided to move Ambassador Carlucci's nomination confirmation hearings up to Friday the 27th of January for the open session and reserving Monday the 30th for executive session if it appears necessary for the hearings to run two days. This information has been passed on to Ambassador Carlucci as well as the DCI and A/DDCI.		of Legislative Cou	nsel	Page 5
